Subject : Call for Papers in LePALISSHE 2022

**Rector/Director/Head/Dean**  
Higher Education Institutions  
Indonesia

**Dear Sir/Madam,**

LEKANTARA, co-hosting with Universitas Trisakti, Sekolah Tinggi Pariwisata (STP) Mataram and Sekolah Tinggi Ilmu Manajemen Indonesia (STIMI) Banjarmasin, Indonesia, is hosting the 2<sup>st</sup> Lekantara Annual Conference on Public Administration, Literature, Social Sciences, Humanities, and Education (LePALISSHE) on October 2022. The theme of this year's edition is **"Recovery and Transformation: Post-Pandemic Life from Economic, Business, Tourism, and Educational Perspectives"**. The conference will be held offline and online at the following date:

Day, Date : Saturday, October 29<sup>th</sup>, 2022  
Time : 8.30 am – 5.00 pm (UTC+8)  
Place : Offline – Lombok Vaganza Hotel, Jl. Panji Tilar Negara, Mataram,  
West Nusa Tenggara Province, Indonesia  
Online – Zoom Meeting Cloud

As part of the conference, we call for papers from lecturers and researchers under your respective reputable institutions. We have provided several outlets of publication from the conference paper submitted to us, among others:

1. International proceedings with possible inclusion in major databases, such as Scopus and ISI Web of Science (WoS)
2. International journals (Scopus-indexed)

Therefore, we would like to invite you, as well as your lecturers and researchers in your institutions to participate in the event, be it as Presenter or regular Listener. We hope that this event shall give benefits to you and people under your institutions.

**The 2<sup>nd</sup> Lekantara Annual Conference Public Administration, Literature, Social Sciences, Humanities, and Education (LePALISSHE)**

**“Recovery and Transformation: Post-Pandemic Life from Economic, Business, Tourism, and Educational Perspectives”**

The Covid-19 pandemic has led to recession and decreased productivity in all sectors. We noticed 4 (four) main sectors experiencing the most significant impact of the pandemic: economy, business, tourism, and education. For example, the pandemic has caused Indonesia’s first recession in the last 22 years, creating a challenging environment for the business to expand and survive. The national tourism sector has also faced severe problems due to travel restrictions. In addition, educational processes have changed completely, where teachers and students had to switch to a new system of virtual learning. As a result, approximately 3.5 million people would lose their jobs, while many others would be affected by the pandemic.

The conference aims to reach a global consensus on multi-perspective approaches, supported by the commitment and political will of countries, to make post-pandemic recovery efforts possible. This also aims to build a solid and sustainable foundation for life after the Covid-19 pandemic.

The conference focuses on the 4 (four) primary sectors, including the economy, business, tourism, and education, affected by the Covid-19 pandemic and the recovery efforts. This conference will open up chances to promote and strengthen the perspectives of the academics related to the policy that the private and public sectors can follow.

The conference consists of a seminar session with 4 (four) primary themes on economics, business, tourism, and education presented by four academics in the respective fields. The conference is open to everyone from any background, including academics, researchers, policymakers, NGOs, and others.
